

For our Generations & the Ones to Come Opossum Bay Jetty

Opossum Bay jetty, beauty at hand
So many of us have come to enjoy

Opossum Bay jetty, from water to land
Without it there'd be an incredible void

Since 1889 you serviced the many
But the many may outweigh the few

Let the whole of Australia decide
What will be their point of view

Can Cartela return many times more
To where Hobartians fondly remember,

Excursions and walking the shore?
Over holiday days in December

Whether for safety, business or pleasure
Our waterways must be explored

The number of votes is our measure
If too low, we will all be ignored
