

Opossum Bay Jetty

Update #1 – 07 July 2004

INVITATION TO PARTAKE IN A SHORT VIDEO INTERVIEW

Imagine Opossum Bay without its jetty

In order to present a comprehensive and multi-media based proposal to MAST and Clarence Council, we are planning to interview members of the South Arm Peninsula community

We envisage producing a number of 45seconds clips, the video images of which will be hyperlinked to text in the final business proposal

Our aim is to produce a focussed collection of video interviews

In order to assist those agreeing to an interview, we suggest your video preparation addresses the following subjects:

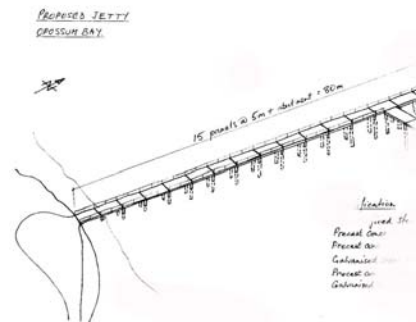

1. Your Name
2. Where you live
3. What the jetty means to you
4. Why we should build a replacement
5. Willingness to offer financial support

The old jetty is beyond any state of repair - it has to be replaced

Below is conclusive proof that our community is fighting hard for its jetty history to continue well into the next century

Full details will be revealed during the forthcoming public meeting
