

Opossum Bay Jetty

(Flash) Update #5 – 03 October 2004

You brought your family, your boats but above all your solidarity

GREAT NEWS COLUMN

Despite the three-day notice, 100's of people were on and near the jetty. **THANK YOU ALL** for making it the event it was just brilliant!! We are certain for the government to be pleased with the outcome.

Up until 2.30pm it looked as though the entire venue would, literally, be "blown out of the water", washed out by a torrential downpour or both. Murphy's Law received an overdue payoff when, and precisely when we needed it the most, the clouds drifted apart, clearing the first rays of sunlight of the day. By 3.15pm sunnies came out, jackets came off and even a champagne bottled popped. At the time of print we already received many phone calls and emails from people subscribing to our Updates. Keep your eyes peeled for Update #6

Special thanks for the day go to:

[The Mercury](#) – Charles Waterhouse - without him this day would have never happened

[HOFM](#) – Steve Barker for creating a major news item and Alan Parsons for arranging our radio commercials

[ABC Radio](#) – Providing us with midday news coverage

[Rotor Lift Helicopters](#) – Peter Elliot certainly knows how to keep that big thing up in the air

[Russel Galloway](#) – Mid-air cameraman extraordinaire!

[Michael Roche](#) - Was the crowd happy to see Cartela coming back or what!!!

[Hobart Harbour Jet](#) - David Berth - Judging from the response by the crowd, your water taxi is set to become a hit

[All other boat owners](#) - What a spectacular sight it was, we're certain for one boat to feature in the next James Bond movie
